
Cotton

California born and bred

We're a leading manufacturer of commercial solutions in the U.S. — and #1 in task chairs. From tables and lounge to screens and more, we've been the go-to destination for comprehensive, build-to-order solutions for over 25 years. We combine award-winning design with the fastest lead times around, and our design and planning services can turn product innovation into your space inspiration. We're able to build almost any specification you want, deliver it when you need it, and offer a level of value no one can match. It's all part of our indie California spirit and drive to be the one place you go for all of your spaces.

Take comfort under your wing

Float into something softer. Cotton wraps you in comfort with sculpted curves, cozy contours, and a signature wingback that's part privacy, all style. It doesn't just fill a space — it uplifts it. Whether you're tuning in or zoning out, this is where design and downtime find their sweet spot.

Design by **CLAUDIO BELLINI Studio**

Milan based multidisciplinary design studio built on an open minded approach and shaped by the harmony of beauty and efficiency, focuses on furniture, product and interior design since 1996. The Studio is part of CLAUDIO BELLINI Design Group.

Where feel meets function

Available in low, mid and highback options — including two wingback styles — Cotton delivers sculpted support with softly contoured angles. A four-star base in wood or metal sets the tone, while an optional tablet arm adds function without fuss. Pair it with the matching ottoman for a complete, lounge-worthy moment.

Timeless from every angle, Cotton features an eye-catching wingback for a touch of privacy — and an optional tablet arm that blends downtime with get-it-done time.

Built to belong

In libraries, lobbies, breakout spaces and wellness zones, Cotton brings calm to the chaos. Its sculpted form invites you in while flexible configurations help it blend into a wide range of layouts — and stand out with style.
