# Billo

## Shaped for more

Meet the lounge chair that stays true to its name, overflowing with purposeful design. Billo is a sculptural standout that turns softness into an art form. And its pillowy contours plus refined stitching evoke a design that's as inviting as it is elevated.

### California born and bred

We're a leading manufacturer of commercial solutions in the U.S. — and #1 in task chairs. From tables and lounge to screens and more, we've been the go-to destination for comprehensive, build-to-order solutions for over 25 years. We combine award-winning design with the fastest lead times around, and our design and planning services can turn product innovation into your space inspiration. We're able to build almost any specification you want, deliver it when you need it, and offer a level of value no one can match. It's all part of our indie California spirit and drive to be the one place you go for all of your spaces.

### Design by CLAUDIO BELLINI Studio

## Function softened by form

With thoughtful stitching and shapely contours, Billo blends visual flair and deep comfort — the kind that lets you lounge a little longer. The taller privacy-back model transforms your open spaces into personal retreats. Whether it's relaxed waiting or focused work, Billo brings it all together beautifully.

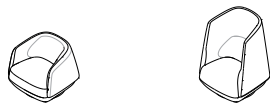

*Choose between two bases for functional flexibility. The taller privacy back softens sounds and sightlines in almost any space.*

## Shape any setting

From lounges to libraries, Billo breezes between focused zones and social spaces. Its mix of sculptural form, plush support and layout-friendly options makes it a natural fit anywhere design matters and comfort counts.
