Extended Life

Occasional Table

Mezzanine® Occasional tables are constructed from 1 1/4" medium density fiberboard with maple veneer and a hard maple edge using the highest quality veneers and hardwoods. The leg bracket is a robust 5/16" inset carbon steel plate, giving an extremely solid attachment to the table top. On wooden legs, the bracket pin is epoxy bonded and embedded deep into the leg, providing it with a secure and inherently rigid structural capability. The aluminum legs are supported by a high-strength 3/8" grade 5 carbon steel carriage bolt.

Cube Table

Mezzanine Cube tables are constructed from medium density fiberboard with maple veneer and a hard maple edge band using the highest quality veneers and hardwoods.

Table joints are fastened with tongue and groove and high-strength glue, providing inherent rigidity and durability while presenting a seamless, clean and finished style.

Sustainability

Sustainability matters. Our Take Back Program is designed to minimize product waste and make environmental responsibility easy for our customers. The Mezzanine collection is GREENGUARD certified to help improve indoor air quality and reduce exposure to harmful chemical emissions.

Custom Match Colors

Each Mezzanine® table is available in four beautiful wood finishes. IDEON also offers a custom color program for stain-to-match and Pantone requests. Please contact your manufacturing representative for details.
