4

shapes.
Endless possibilities.

Meet Nano, our uniquely designed and easy-to-spec modular lounge collection. These four curated, comfortable pieces fit together seamlessly to create whatever shape you need. They can work as standalone pieces or be combined to create thousands of configurations.

TEXTILES: SitOnIt/IDEON Collection Oasis Newport Lemon (seat), SitOnIt Collection Oasis Monterey Glow (chassis)

The hexagon-inspired Nano was designed to create thousands of configurations to fit your changing needs. Compared to traditional square or rectangular products, the Nano provides more seating space (read: better personal space) when configured together. This simple shape empowers the user to specify and design effortlessly. Nano easily handles any seating challenge you throw at it.

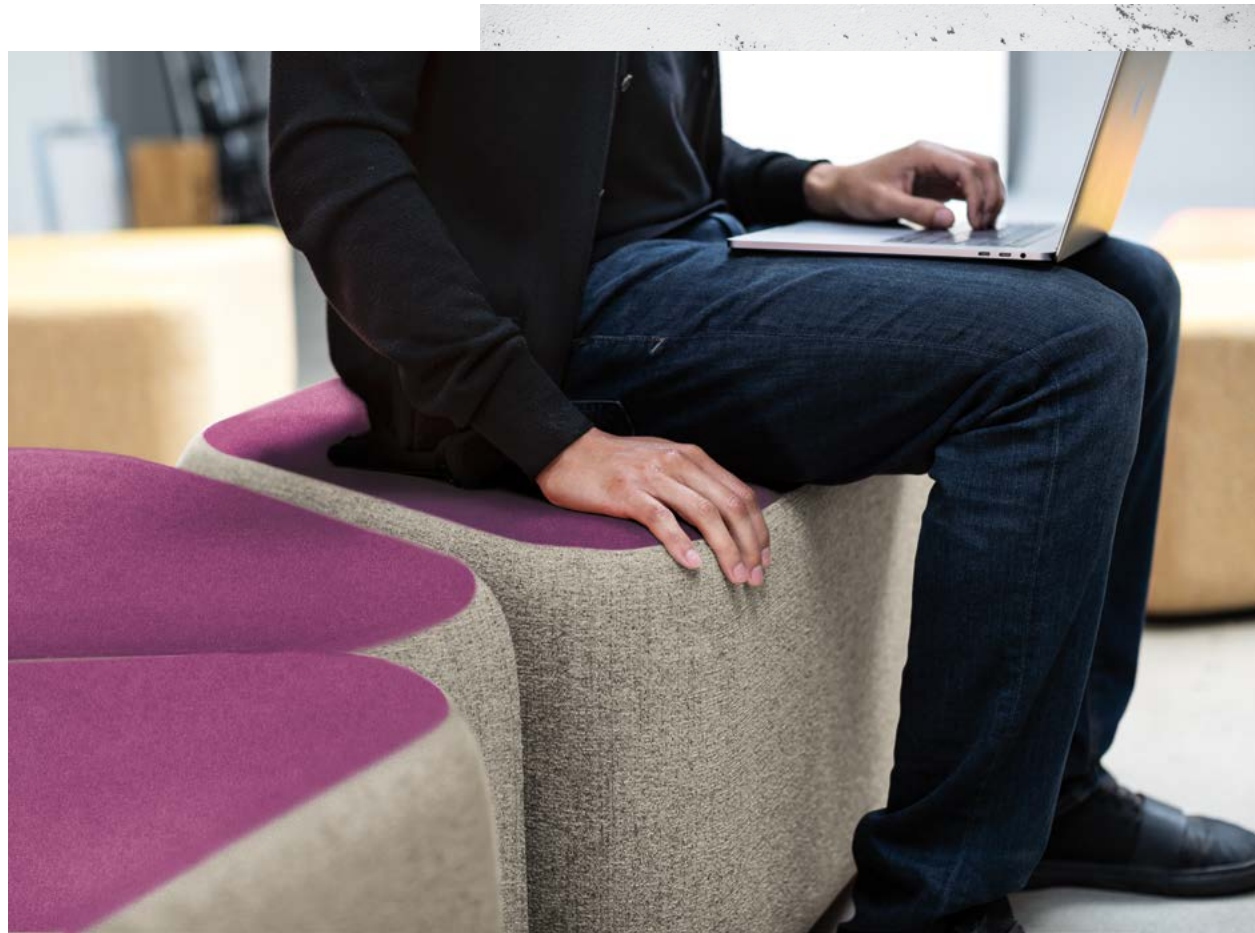

Solid and sleek

Add multi-functional pieces to your space with Nano's selection of table top options ranging from wood laminate to solid surface finishes.

Sharply soft

Balance clean, modern lines with supreme comfort. A round edge design eliminates sharp shadows, creating a shape that not only saves space, but is also warm and inviting.

One seat. Two looks.

Can't choose one fabric? Have both. Optional dual-upholstery on the Nano allows you to combine two textiles for one unique, dynamic look.
